

# FREED'S GREAT CLEARANCE SALE

Before our buyer leaves for the eastern markets, as is our custom, we want to make a general cleanup, so we will have a **Record Breaking Six Day Run on Furniture and Carpe**

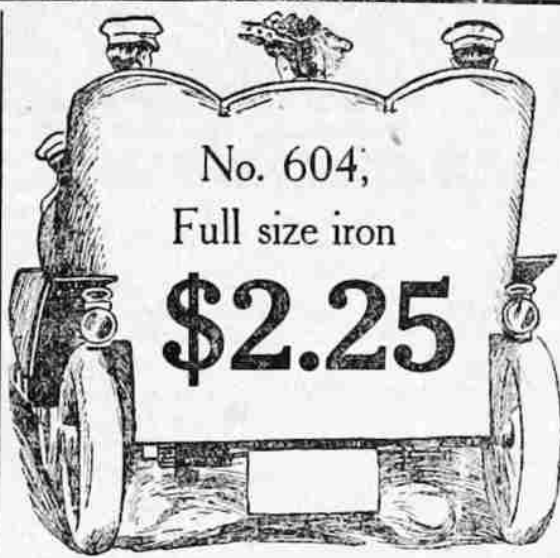

Tomorrow we start one of the most sweeping sales we have ever had. A sale that in scope and magnitude, in quality, quantity and variety of goods, and lowness of price, we firmly believe is absolutely without an equal. We are determined to reduce our stock to the lowest possible point, no matter what the may be. It is imperative that we clean-up our stock before our buyer goes east. Some of our departments are more heavily stocked than others, and in the price cutting is unprecedented. We strongly advise all those who are looking for genuine bargains to be here tomorrow.

The values on this page are just as unique and unusual as is the manner in which they are presented. We mention but a very few of the reductions—enough to give you an idea of how great the savings are. The great automobile run now on is effectively demonstrating the most modern means of transportation, so this sale demonstrates this store's modern methods of merchandising.
